BUSY WINTER

LIBRARY PREPARES TO BE OF GREAT SERVICE TO SCHOOLS AND CLUBS

The Glendale Library staff is preparing for a busy winter, planning to make their slogan "service" more than ever applicable. They extend special invitations to clubs and schools to use the reference department which they intend to make a feature of the winter's work. It is intended to co-operate with the teachers in this work and special privileges will be granted to teachers by the department.

As usual, books on any given subject will be catalogued for the benefit of clubs who may make the request. There is a special collection of bulletins along food conservation lines, some of which are very practical and any one interested in this feature will find something of value.

A magazine list has been made up for the new year and covers lines of most interest at this time, including reference magazines of special interest to the schools. Among these is the Geographical, which will be very valuable for supplemental work in Geography.

Friday afternoon will be established as Students day, inasmuch as many students secure their week-end reading at that time, and every effort will be made to guide the children and young people in the choice of books.

The stereoscopes and stereographs will also be issued to the schools to be used in connection with the school work, as will the picture collection. which includes prints of shells, birds, etc., that may be used in connection with nature study, and cuts of trees that will be valuable in supplementing sloyd or woodwork. This picture collection is miscellaneous but has been catalogued for reference.

Card holders are asked to present their cards at the desk to have street numbers changed.

CLEVER FINANCE FOR RED CROSS

A little boy and girl, Lawrence and Eleanor Young, children of Mr. and Mrs. E. J. Young of 810 North Brand boulevard, with some bantam chickens as a basis for operation, collected $10 for the Red Cross. Their method was to give the chickens to the Red Cross and then raffle them off, the winners among the bidders being Mrs. M. H. Levy of 325 North Maryland avenue, E. E. Kimball of 1915 North Central, and G. A. Roytsch of Los Angeles. The raffle took place while the Harvest Festival was in progress. As the winners of the fowls did not want to keep them, they presented them to the children, who are back where they started. This story shows that it is sometimes possible to eat your cake and have it, too.

GLENDALIANS IN PICTURE

Mr. and Mrs. Paul C. Hunt, Mr. and Mrs. Paul C. Hurst and Dr. J. A. Russell of Glendale attended the monster moving picture feature staged at Balboa Park Sunday, when 30,000 men, women and children paraded before the camera, making the first "relative and sweetheart film," which the Y. M. C. A. plans on taking in every city to show "over there," that men in the service abroad might get a glimpse of their relatives, friends or sweethearts waiting at home. Mr. and Mrs. Hunt, Mr. and Mrs. Hurst and Dr. Russell registered at the U. S. Grant hotel.

MET AFTER 54 YEARS OF SEPARATION

Two brothers, Frank Le Feber and Joseph Le Feber, 82 and 75 years of age respectively, met at the Soldiers' Home in Sawtelle, Cal., after fifty-four years of separation. Both men fought for the Union in the Civil War, side by side. Joseph, who reached Los Angeles a few days ago, decided to stop at the Soldiers Home to see if there were any there who were in his company. He found his brother, whom he had thought dead. The older brother collapsed with joy at the meeting.

MISSIONARY HOME FROM SOUTH AMERICA

Mrs. Van V. Eddings has just returned on a furlough after being in mission work for three years at the Island of Margarita just north of Venezuela. She will give an address at a meeting of the Missionary Society of the Glendale Mehtodist Church at the home of her husband's parents at 125 Fairview avenue, Friday at 2 p. m. Mr. and Mrs. Greist of Los Angeles, who will soon leave for Venezuela, will also be speakers. The public is cordially invited to this meeting.

DR. GABELEIN GIVES SECOND ADDRESS ON BOOK OF REVELATION

Deep interest in the Bible conference at the Presbyterian church ontinues under the masterly teaching of Dr. Gabelein, who spoke Tuesday afternoon on "How to Read and Study the Book of Revelation." This was his second address on this subject. He said in part:

In the second and third chapters of Revelation (which Dr. Gabelein considered on Monday afternoon), we learned of the history of the church on the earth, and saw the evidence of the truth of Revelation in the fact that everything fits in so beautifully.

On Tuesday, the remainder of the book was taken up, from the fourth chapter to the end, the prophecy as yet unfulfilled. The church is no longer mentioned, for it is in glory with Christ.

Revelation is a book of symbols and to understand them requires a knowledge of the rest of the Bible. Looking at each chapter we see in a hurried way the following explanation of some of these symbols.

Chapter 4. The opening of the chapter is symbolical of the coming of the Lord for his saints, when "the Lord Himself shall descend from Heaven with a shout, with the voice of the archangel and with the trump of God." (Thess. 16.) The 24 elders represent the saints of the Old and New Testaments, brought into glory, and are human beings sitting upon 24 thrones. They are the saints, or the church in glory.

Chapter 5. For the first time the Lord Jesus comes distinctly into view amidst his saints, his church, in heaven. The seven-sealed books are the judgments to take place on the earth, which will end when Christ sets up his Kingdom here.

Chapter 6. Rider on white horse is not the Lord Jesus, but the false Christ, who will bring about a false peace for a time. Christ himself is in heaven with his saints.

This is the first seal to be opened, the seals representing the different sorrows and tribuations which will be on the earth for 7 years because the earth does not accept Christ as Lord and Saviour.

Chapter 7. The company of 144,000 are the Israelites, who will be converted during the Tribulation, and the "great multitude" are the

STUNT SOCIAL A GREAT SUCCESS

The entertainment and social given by the Epworth League of the West Glendale Methodist Church in the League rooms last Friday night, was well attended.

Prof. Apert of Los Angeles gave some fine violin selections, Mrs. A. F. Howard of Hawthorne street gave several entertaining readings and the Brown Family made a lasting impression. The Farmerettes sang the "Song of the Spud" and the "Funeral Dirge of the Kaiser." The Greenhorn Family measured up to their names and greener yet. Miss Sarah Hommen rendered several impressive solos. The jazz band also won prolonged applause. All of the others who took part in the program did so with credit to themselves.

Light refreshments were served and a free-will offering was taken amounting to fifteen dollars, which the young folks will apply on their pledges for the church budget.

EXEMPTION BOARD CALLS MEETING

The Mass Meetings to be held Friday evening at the Palace Grand Theatre and the Union High School, under the call of Local Exemption Board No. 7, promise to be the largest attended meetings ever held in this valley.

In calling this meeting, the Local Board are simply acting under orders received from Provost Marshal General Crowder, who has issued orders that all registered men be called together in a mass meeting, so that a plan that has been worked out for their benefit can be outlined to them. Knowing that the families of these men would be greatly interested, the Local Board have secured seating capacity which will be ample for all. It is expected by the Local Board that all who read this notice will take it upon themselves as a patriotic duty to go out of their way to notify all their friends regarding this meeting, telling them that they are expected to attend with their families.

PRESIDENT TO OPEN LOAN CAMPAIGN IN N. Y.

WILL GIVE FIGURES ON WAR EXPENDITURES AND MAY ANSWER CHARGES CONCERNING ALLIES' WAR AIMS

(Special Service to Glendale Evening News)

WASHINGTON, September 25.—President Wilson will open the six billion Liberty Loan campaign in New York Friday night, speaking at the Metropolitan opera house, it was announced officially today.

This will be the president's first speech since the recent allied victories and the Austrian peace move and it is believed his address will have a wide influence.

It is not doubted here that the president plans during the Liberty Loan campaign to give figures on the amount of money which has been spent in this war and what has been accomplished.

It is known that the president considers unnecessary any restatement of American war aims but it is expected that he will make answer to the German charge that his refusal to discuss peace terms is evidence of an intention on the part of the allies to destroy the Central powers.

GERMAN STATESMEN DISCUSS PEACE TERMS

CHANCELLOR VON HERTLING CHARACTERIZES PRESIDENT AS HEAD OF AMERICAN IMPERIALISTS

(Special Service to Glendale Evening News)

AMSTERDAM, September 25.—German Foreign minister Hintz, addressing the Reichstag today declared that "Germany is preparing to oppose her enemies with her whole strength." He said: "Special attention must be drawn to our efforts in Northern Russia."

Vice Chancellor Von Payer, in discussion concerning the small eastern nations declared that Germany does not intend to promote dynastic affairs there. He said that in his recent speech his statement that the Brest-Litovsk and Rumanian peace treaties could not be reconsidered, meant that as other parties had approved them, they could not be altered without the consent of others.

Vice Chancellor Von Hertling according to late accounts of his speech of yesterday characterized President Wilson as head of the "American Imperialistic party." Hertling declared he is really for a peace based on Wilson's fourteen points.

In regard to Wilson's fourteen points he said: "My speech of February 25 showed I agreed in principle with a peace on such a basis, but President Wilson has not answered that speech."

LIBERTY MOTOR IS VINDICATED

WAS A HUGE SUCCESS IN BATTLE OF ST. MIHIEL WHERE IT WAS USED FOR THE FIRST TIME

(Special Service to Glendale Evening News)

PARIS, September 25.—French, British and American airplane experts and military officers today were agreed that the American Liberty motor was vindicated in the St. Mihiel fighting. It was used for the first time in that battle and proved a huge success. John B. Ryan, head of the American aircraft board declared: "There is no such engine power and lightness in all the allied or German armies. There is no other engine in such demand."

ITALIANS START ADVANCE IN ALBANIA

IT HAS BEEN TIMED TO COINCIDE WITH THE INVASION OF BULGARIA BY ALLIED TROOPS

(Special Service to Glendale Evening News)

LONDON, September 25.—Unofficial reports via Paris announce that the Italians have started an advance in Albania, that their advance is timed to coincide with the allied invasion of Bulgaria, that the allies are within three miles of the Bulgarian frontier on a thirty mile front.

There is no indication as to whether the Italian advance has been definitely linked with the hundred mile Macedonian front.

The Serbian official statement today said the Bulgarians opposite the allied center in Macedonia now are retiring toward Reval, thirty miles northeast of Prilep. The allies are pursuing them and are fighting many rear guard actions.

LIEUT. DON PACKER

WINS COMMISSION AND IS SELECTED TO GO IMMEDIATELY OVER SEAS

Friends of Donald H. Packer will share the pleasure experienced by his parents, Mr. and Mrs. Stephen Packer, on receipt of news that he has received a commission as Second Lieutenant in Heavy Artillery at Fortress Monroe, Virginia. Donald enlisted in May, 1917, at the close of his third year in the University of California, and subsequently attended the Master Gunners' School at Fort Scott, where he was one of the fifty chosen from 225 to enter the officers' training camp at Fort Monroe July 1st. There were twelve hundred men in the school, eight hundred of whom received commissions. He has been selected as one of the hundred who are to go directly over seas, an honor which Glendale knows how to appreciate. Second Lieutenant Packer is the youngest of the hundred, being but twenty-two years of age. He is one of the most popular young men of our city and has a host of friends who will rejoice over the honors and opportunities which have come to him as the reward of his strenuous work.

REGISTRANTS, TAKE NOTICE

Members of the local Exemption Board are asking all registrants to do what they can to conserve the time of the Board and also the time of the Legal Advisory Board, which is under tremendous pressure at this time, by filling out as far as possible their Questionnaires before bringing them to Board headquarters. Such questions as date of birth, names of parents, and many other items known only to the registrants, can be filled in and will greatly reduce the task of completing the document. It should be remembered that there are nearly 3500 registrants in this district, of which fifty per cent must be classified by the Board inside of one hundred days from the date of the draft. This classification work is now going on and the Board must conserve time for it.

THE PHILLIPS BOYS

Mrs. Phillips of 341 East Palmer avenue reports the receipt of recent letters from her son Elmer Phillips, dated Gongchan, China, in which country he has been traveling for about three months. He does not give particulars of his work, so she can only imagine what he has been doing. He says he expects to be stationed where he now is for a couple of months. He is with Company H of the Fifteenth Infantry and has been in China since last January. He was in the Philippines for a year and from there was sent to China. Until this last letter was received, she thought he might be in Siberia, as the papers had reported that all troops in China had been sent to Siberia. He joined the army before war broke out and so is with the regular army troops. He writes that he doesn't like it in China very well and is lonesome but doesn't expect to be able to get leave to come home for some time.

Mrs. Phillips has also had letters from another son, Leon Phillips, who is now in France. He writes: "From the way we are taking prisoners, I don't see how the war can last long." He is with Company A, 361st Infantry. He was drafted in June and the last of July he was in France. He likes the country there very much, says it is unique, but that he has not seen any place he likes better than California.

MERLE ECKLES

Letters which Dr. and Mrs. Eckles received from their son Merle last week announced that he was somewhere in France, that he was doing finely and never felt better in his life. He said his company was nicely located and expected to stay where they were for quite a little while, and that it was close enough to the front to hear the cannon booming day and night. "Lots of rain," was his report of the weather. He said they were learning to talk French and got their last pay in French money and were able to count it almost as well as American money. The children help them about learning to talk, and whenever a soldier goes out he is besieged by the little folks for sticks of candy or chewing gum. Merle particularly asked to be remembered to all his friends in Glendale.

F. L. Springer, janitor in the Intermediate School, is hard at work painting all the flag poles on school grounds in the city, so they will be worthy standards for our national emblem.

BLUE LODGE BANQUET

THIRD DEGREE CONFERRED ON A. L. WEAVER AND A. H. DIBBERN

At the annual meeting for the conferring of the third degree by Past Masters of the Blue Lodge, and the banquet which followed, at the Masonic Temple Tuesday evening, which was a big affair, the chief after-dinner speech, a patriotic one, was made by Rev. B. Dudley Snudden. It was practically a spontaneous address, as he was not informed that he would be expected to speak until late in the afternoon.

He dwelt on the greater idea of patriotism which the world war has developed, and how our vision has enlarged its conception of the meaning of

"My country, 'tis of thee,
Sweet land of liberty,"

because we realize now we must celebrate our country for the precious possessions which distinguish her from other countries. If we think only of the resources and riches of our country we know in that respect it does not differ materially from Russia or Germany, but the people of neither of those countries can sing "sweet land of liberty." He pointed out that while the various nations entered into the war to uphold their national honor, it was left to the representatives of America to clarify the situation and reveal the fundamentals for which we are fighting. Pershing did it in a way when he said: "It is not what we can get out of it but what we can do for it." President Wilson did it when he put forth the fourteen articles outlining the policy of the Allies in regard to peace and a League of Nations to guarantee a lasting peace, and then Mr. Snudden referred to the note of Austria asking the Allies to enter into confidential and non-binding discussions, and President Wilson's curt refusal to entertain the proposal, by which he as speaker for the Allies has taken the determined stand that henceforth every treaty must be made in broad daylight and stand the scrutiny of the peoples who have to live under the treaties. Mr. Snudden carried the idea on and said that this new patriotism must reach further, that if we are going to have a new basis for international life our business transactions must also be on the same high plane, open to the broad light, which would leave no room for the profiteer or the loan shark; that every man who calls himself a Mason will have to measure up to this new standard because of the fraternal and religious obligations he has entered into as a solemn covenant.

Mr. Snudden referred to some of his camp experiences and the realization which has come to him and to the men who are in training to go over there, that we are not working primarily for the overthrow of Germany but to bring about a new day for civilization which will enable every man to enjoy what we enjoy.

Previous to the serving of the banquet, the Lodge held a meeting, over which Past Master C. W. McFadden presided, at which the third degree was conferred upon A. L. Weaver and A. H. Dibbern. Following their initiation into that degree, the banquet, which was a simple, Hooverized affair, was served, with flags conspicuous in the decorations. At that function, Past Master John Hobbs presided. A patriotic spirit dominated the gathering at which about two hundred Masons were present and patriotic airs were sung before, during and after the supper. It was one of the most successful and stirring meetings of the kind the Lodge has ever held and did not break up until twelve o'clock.

BOOK OF SYMBOLS

(Continued from page 1)

Gentiles, to be saved through the preaching of the Kingdom of Heaven by the Jews. This is not a second chance, but the opportunity for those who had never had a chance to hear the Gospel.

Chapter 12. The "woman" in this chapter is not the church, but Israel.

The tenth, eleventh, twelfth and thirteenth chapters deal with Israel. "Man child" (Chapter 12) is Christ with his body, the church. Here, too, we see the devil thrown onto the earth.

Chapter 13. Shows what the devil does on the earth.

The first beast is not the anti-Christ, but the "Little Horn," or an emperor and political leader of the Roman Empire, who will make a covenant with the Jews, only to break it after 3½ years. This first beast imitates Christ and produces a false peace. After the contract is broken comes the second beast, the anti-Christ, who ushers in the Great Tribulation.

Chapter 17. Babylon, here, is a mystical Babylon representing Rome, when she will gather into her hands for a short time the political and ecclesiastical authority.

Chapter 18. World-wide Babylon will unite the earth commercially, politically and ecclesiastically. But this, God will destroy. Even geologists have predicted a destruction of Rome as described here in Revelation.

Chapter 19. Jesus comes on a white horse, the emblem of victory. Battle of Armageddon will take place, when the stone falls and smites the image (Dan. 2).

After this to end of book of Revelation, all is chronological, leading up to eternity, the eternal heaven for followers of Christ and the eternal doom for those who refuse to accept Him as their Saviour.

At the evening session, Dr. Gabelein's subject was "The Work of Christ. His Work on the Throne in Glory." He gave a study of the second aspect of Christ's redemptive work, that is, his present work on the throne in glory. He is in glory now, a real man, Christ Jesus, who died for our sins and is now glorified in God's presence.

Having in a previous lecture considered Christ's Incarnation and Sacrificial Death, we now look at the next step, His Resurrection from the dead on the third day. Had he not been raised from the dead incorruptible, then his grave would have been the grave of all our hopes. And this body, the same that had died on the Cross, was raised in its glorified form, having seen no corruption as God had promised in the Old Testament. Jesus Christ's Resurrection was a physical resurrection, for did he not speak to his disciples and tell them to feel and touch him and did he not eat of a broiled fish and of a honeycomb? (Luke 24:39-43.)

With this same Incarnation body, now glorified, he went up into that third heaven with a shout, to be on the throne with God in all eternity, working and waiting for his people, the true believers.

Christ's present work is the work of a High Priest and an Advocate of each one of us who has accepted Him as our Saviour. As a High Priest, touched by our infirmities, He comforts, sustains, keeps and helps us in whatever comes to us and as our advocate He prays in behalf of all His people when they suffer or are tried and tempted. If Christians sin, they do not lose their places as a part of the great body of Christ, but they disturb their fellowship with Him and so need each day to confess to Him and obtain forgiveness. He keeps, restores, and gives us victory, when we look to Him. In view, then, of this present work of the Lord Jesus, what manner of Christians ought we to be?

I. Let us live lives of separation, lives of holiness, for his presence is always with us wherever we are. Remembering this, we will walk circumspectly and go only where He is glorified.

II. Let us lay hold on the birthright of Christians, that is, the deliverance from worry and anxiety, for worry is unbelief in the Lord Jesus. He is taking care of us and "all things work together for good to them that love God, to them who are called according to his purpose."

III. Let us have great boldness in prayer, and because we ask, receive the things we ask for, no matter how small and insignificant these things may seem, for Jesus Christ is interested in all things, even the little that concern his people. Knowing this, how close and real the Lord Jesus is to his loved ones.

CONSCRIPTION OF TIME AND EFFORT

Mrs. Charles Toll, Chairman of the local Woman's Liberty Loan Committee, was greatly impressed by the spirit of the big meeting of representatives of the various women's liberty loan committees of the county held at Clune's auditorium, Los Angeles, over which Mrs. J. P. Anderson, Chairman for City and County, presided. Fine patriotic addresses and words of instruction were given by Miss Mary Foy, H. S. McKee, Mr. Moulton, Mr. Janss, Mr. Lyman, President of L. A. Red Cross, Mrs. E. R. Brainerd, Chairman of Woman's State Committee, Dr. Willis Baer and by Thomas Hardy, Chairman of Speakers, who made clear the kind of speeches which are wanted in this Fourth Liberty Loan campaign. He dwelt on the point that the purchase of bonds this time must be double that of the previous campaign, i. e., six billions instead of three billions, hence it will be necessary for most people to double their subscriptions, and for workers to double their work. "This," he said, "means more than doubling up on money. The burden is on us individually. It is the people's war and we have no right to conscript our men without consulting their inclinations unless we feel that our time and money is conscripted also. They were not asked if they were willing. They were sent. So we an not expect to be asked if we have time or are willing to work. We must simply do it."

Mrs. Toll says at least three thousand were present and many were turned away because there was no room for them in the auditorium. The meeting was marked by tremendous enthusiasm.

STATE NEWS

LOS ANGELES—After the war the "stork" will ride in an aeroplane, according to Dr. Frank A. Foye of Pasadena, now in the aviation service. He predicts that physicians will discard the town car and the coupe for a small, speedy airplane, of the fliver variety, which can land in any city street.

OXNARD—Forty million dollars worth of food products have been purchased through the food administration by the government in California during the last forty days, representing an expenditure of a million a day. Such was the statement of H. Clay Miller, in charge of the food administration's Pacific Coast bureau of the division of coordination and purchase, made to a meeting of bean growers and distributors here this week. He deplored profiteering, declaring none was entitled to more profit on his produce than he received before the war.

BERKELEY—If you have tears to shed, prepare to shed them for the poor pound-man of Berkeley. An impending regulation, that will place a tax of fifty cents on each cat regardless of breed, makes it obligatory that the pound-man kill such cats as have no license tag. The killing part will be easy, even if it does take nine times per cat, but the pound-man is wondering how he is going to catch the cats. Suggestions are solicited.

LOS ANGELES—In the recent drive for seamen just completed, Los Angeles led the entire west in navy enlistments. The total for this city was 1,835. Portland was second on the list with 1,580, and San Francisco fifth with 1,240.

LOS ANGELES—The building of barracks on the campus of the University of Southern California will begin soon, it was announced here today. The school, which has recently been admitted into the students' training corps division, expects to erect buildings large enough to accommodate 800 men. Bovard Field, the scene of many football battles in the past five years, is to be the site of the building.

LOS ANGELES—Due to shortage of steel for war work purposes, the board of public works has recommended the amending of the so-called "sign ordinance," allowing the use of wood in signs not exceeding five feet in height in certain sections of the city. The recommendation was referred to the council's public safety committee for consideration.

SACRAMENTO, Cal.—To allow employed more time for the performance of essential war work, the Factory Store, one of the leading women's wear houses, has adopted the novel plan of not opening until 10 a. m. Sacramento has entered into the spirit of the store and its volume of business has not suffered, while the working of the establishment was never smoother. The hours are believed the shortest granted women employes in the West.

SACRAMENTO, Cal.—Are there any jobless school teachers in California? If so, get in touch with State Supt. Edward Hyatt, as several are needed for rural schools.

A NEW INSIGNIA

Sergeant—"How many times must I tell you men that you must salute all officers whom you can recognize within thirty paces? A dozen of you men here walked directly past the Captain on the other side of the street this morning and didn't even turn your heads."

Voice from the Ranks—"Put a skirt on him and we'll see him."

NO MORE FOR HIM!

The famous humorist was delivering a lecture before girls of Brinymore College.

"All who do not believe that, will please stand on their heads," he said, after making a very extravagant statement, and waited for the applause which always followed.

Instead, his audience, which consisted of the third year gymn class, in costume, rose as one girl.

"All ready!" shouted the class leader. "Heels up!"

But ere the hundred pairs of feminine heels twinkled in the air the lecturer, his cheeks crimson, had turned and wildly fled.

You see, he knew the story would leak out and, being a married man, he had had trouble enough trying to square himself after an indicreetly admiring glance at one pair of trim ankles that did not belong in the family. He had no wish to have that trouble, multiplied a hundred fold, repeated.—Judge.

ACTIVE MOVEMENT IN TARTS

Young Tommy returned from school in tears and nursing a black eye.

"I'll pay Billy Dobbs off for this in the morning!" he wailed to his mother.

"No, no," she said. "You must return good for evil. I'll make you a nice jam tart, and you must take it to Billy and say: 'Mother says I must return good for evil, so here's a tart for you.'"

Tommy demurred, but finally consented. The next evening he returned in a worse plight and sobbed:

"I gave Billy the tart and told him what you said, and then he blacked my other eye, and says you're to send him another tart tomorrow."—Pittsburgh Chronicle-Telegraph.

PHILOSOPHY

There's seldom a smart of the head or the heart
That Time won't eventually cure;
There's seldom a pain of the body or brain,
But that one can somehow endure;
There's seldom a grief so deep but relief
Comes at last to ones suffering sense;
And there's never a thrill of great joy or ill,
That can matter one hundred years hence.

A NEW GESTURE

"These crowded street cars are spoiling my oratorical style."

"How can that be?"

"Every time I put my arm into the air to make a gesture I paw around as if reaching for a strap."—Washington Star.

PRUSSIANISM IN THE HOME

"What excuse does this man give for deserting his wife?"

"He says her conduct was Teutonic."

"In what respect?"

"It seems she hit him with a poker after he had agreed to suspend hostilities."—Birmingham Age-Herald.

Mrs. Gilson entertained Mrs. D. W. Hunt and Mrs. Pack at dinner Sunday evening.

Mr. and Mrs. Roy Carmichael, who resided at 401 North Maryland, have exchanged their home for a ranch near Anaheim and have moved on it.

Mrs. E. L. Jordan, who has spent the summer near Chicago, has returned and is occupying her home on North Maryland.

R. M. Lawrence, who came to Glendale in the spring from Ripon, Wis., has purchased a modern bungalow in Hollywood and will move there shortly.

Monte Coole, who has been at Exeter with his brother, Louis Coole, came down to register and has since been visiting his parents at 320 West Garfield avenue.

Thomas A. Wright has returned home from the Glendale Sanitarium, where he had a minor operation performed. He is recovering rapidly and will soon be out.

The ladies' class of the Lutheran Sunday School will be hostesses at a church social to be held Thursday evening at the home of Mrs. George F. Dougherty on Adams street.

Mrs. Barclay, who taught last year in the Cerritos avenue school, has been transferred to the reopened Magnolia avenue school on San Fernando road, of which she will have charge.

Mrs. Frank C. Ayars of 214 Chestnut street has been entertaining this week her cousin, Mrs. Valentine Stocks of Bisbee, Arizona, who will remain in Southern California for several months visiting friends.

Glen Craig enlisted in the Navy last week and is now in quarantine at San Pedro. During his absence, Mrs. Craig and little Mary Pauline will make their home with W. A. Hough, Mrs. Craig's father.

Mr. and Mrs. W. W. McWhorter of South San Fernando road are the happy parents of a nine-pound son who arrived Tuesday, September 24. The young man will be known as James Hugh McWhorter.

Rev. W. E. Edmonds and R. A. Peterson are representing the Glendale Presbyterian Church at the annual Presbytery which is being held at Immanuel Presbyterian church in Los Angeles, its sessions continuing until Thursday evening.

Glendale has been honored by having three of its citizens elected members of the Republican State Central Committee at the Republican State Convention which met in Sacramento September 10th, viz., John Braly, C. F. Parker and W. E. Evans.

Rev. B. C. Cory, who has finished his first year's work as pastor of the Tropico Methodist Church has received a unanimous call from the church and the Bishop has been petitioned to return him to this charge, as he is greatly beloved and is doing good work.

Prof. Harwood, the new principal of the Cerritos avenue school, together with his wife and two children, has located at 208 East Cypress avenue in the house formerly occupied by Mrs. Seymour. The family is very welcome in the neighborhood and the new teacher seems likely to become very popular.

Mrs. A. R. Goodale of 210 Blanche avenue (Maryland) and her two little daughters, Beryl and Evelyn, who left here in June and spent the summer in South Dakota with Mrs. Goodale's parents, returned in time for the children to enter school, and say they had a delightful sojourn in the East. It evidently agreed with them as they all look fine.

Mrs. Harry V. Brown, who is now secretary of the Intermediate School, reports that her husband, Capt. Harry V. Brown, has been transferred from Fort Riley to Camp Wadsworth at Spartansburg, South Carolina, for an indefinite stay, as he has no means of knowing when he will be sent across. His work there is much the same as it was in Fort Riley.

Mrs. John Todd reports that she has had two letters from her sons since they arrived overseas. The first was dated July 28, and the second August 20th. They were in France but of course could not indicate where. They said, however, the weather was quite warm and the climate seemed a good deal like California. Both were well. They are in the 91st Division with Supply Co. No. 347, Field Artillery.

Mr. and Mrs. Frank Guernsey, who are now with Mr. and Mrs. Thomas Harrison, parents of Mrs. Guernsey, on West Park avenue, have a little daughter, born Sunday night at the Thompson Hospital in Burbank, to be a sister to their little son. Mr. Guernsey was a jeweler in this city for a number of years and left here to go to Arizona for his health, but failing to derive the benefit he expected, he returned. He is suffering now from sciatic rheumatism.

Ladies of the Broadway P.-T. A. are invited to come to the home of the president at 211 East Wilson avenue (Third street), of which the new number is 1211, tomorrow, Thursday, from eleven to three, for war work.

Mrs. Louis Baker of Brand boulevard says she has not heard from her son Roger for about three weeks, but is expecting a letter daily. He landed in England about two months ago and after a week's rest there was sent to the Mediterranean. Roger was with the 319th Ammunition Train at Camp Lewis for about a year before being sent across. Alien Baker, another son of the Bakers, who recently underwent an operation, is at home after spending about sixteen days in the hospital. He is making an excellent recovery.

The drive for garments for Belgian relief is on in the Tropico district this week, where it has been thoroughly organized. All contributions are taken to the Mercantile Building on San Fernando road and each day a committee of ladies from some organization is in charge. Monday the P. E. O. was represented there; Tuesday, the Womans Relief Corps; Wednesday, the Tropico Methodist Ladies' Aid; Thursday, the Thursday Afternoon Club; Friday, the Ladies' Aid of the Presbyterian Church, and Saturday, the Red Cross Branch. The big contributions thus far indicate a liberal shipment.

James T. Stewart, a representative of the Prudential Life Insurance Company, who called at the office of the Evening News, complains about the difficulties of business people from abroad who try to find their way about, on account of the mix-up between the old and the new numbers. As a means of helping out, he suggests that persons who have placed the new numbers on their houses or places of business mark the old number in chalk beneath the new one to aid the public until new directories are out and the new numbering has been assimilated.

MISS LINDSAY'S DANCING CLASSES

Miss Edith Lindsay announces the opening of the fall term, Saturday afternoon, September 28th, at two o'clock. The classes in the afternoon are for boys and girls from three to sixteen years of age and teach dancing in all its branches—technique, interpretative, character, national oriental and ball room; also toe dancing for pupils adapted to it.

On Saturday afternoon, October 12th, Miss Lindsay is to give a "Liberty Matinee Dansant to which all Glendale folk interested in her art are invited. They will there have an opportunity of seeing class routine, a program of national dances, and have the privilege of partaking in a social half hour to follow.

On Wednesday, October 30th, Miss Lindsay will entertain her Hollywood class with a Hallowe'en party, to which all Glendale pupils are invited.

Beginning Saturday evening, October 5th, a class in ball room dancing for young people of intermediate and high school age. Every one expecting to join this class is requested to enroll with Mrs. Lindsay at the hall Saturday, September 28th, at seven o'clock. Term of ten lessons for five dollars.

Many pleasant evenings are anticipated at the present time, when we are all so anxious to do our bit for our country. There is no more satisfactory way than in being able to offer one's services on benefit programs. If one has one or two beautiful dances which he can execute well, it gives him that opportunity.

Miss Lindsay has constant requests for her pupils, and Mrs. Lindsay designs all costumes which, by the way, are true in detail, effective, but always inexpensive.

Miss Lindsay's Red Cross benefit of April 22nd at the Palace Grand Theatre is still remembered; also her program of more recent date at the Los Angeles Red Cross shops on Hamburger's Day, when she presented a lengthy program with her pupils.

SCHOOL FUNCTIONS

This afternoon (Wednesday) at the new boys' gymnasium on the High School grounds the reception to new students which introduces them socially to the upper classes, takes place. It will be a sort of dedication to the new building from a social standpoint. No formal program has been prepared but as a school reception it will be all right.

Friday night unless something happens to change the plans, the annual stunt fest of the girls of Union High school will come off. There has been some talk of postponement until a later date, but at this writing Friday evening, the 20th, is the expected date.

SLEEPLESS NIGHTS

Newsboys yelling Sunday papers on Saturday nights was the subject of complaint recently from Miss H. Wettleson of 416 South Olive street, Los Angeles, to the city council. Miss Wettleson complains of being bothered by newsboys "bawling." "Every Saturday night I can't get to sleep," wrote Miss Wettleson, "on account of the newsboys yelling Sunday papers. Why can't they wait until Sunday morning to sell Sunday papers? But then Sunday morning I'm awakened by them and have to hear the annoyance all Sunday forenoon. Many people complain or swear about the nuisance." The council promises to give the matter serious thought.

BELGIAN RELIEF CONTRIBUTION

The British Ambulance Society has collected and packed three large sacks of clothing for the Belgian Relief drive this week and are ready to deliver their gift to the Red Cross headquarters, Tenth and Main. This society is shipping this week a splendid consignment of garments made in its work room for the Los Angeles headquarters.

The president, Mrs. Pack, and the other officers are anxious that all members connected with this society should try to arrange to meet every Monday and Friday to assist in the work of providing necessary garments for our men and boys who are now fighting overseas.

All through the summer months, busy, faithful ladies have worked industriously in this War Relief work, and now that vacation is over those who were unable to help during those months, may they not make an effort to resume their former activities and help augment the work of this society?

Do It The First Day

You know you are going to buy Liberty Bonds.

You wouldn't be square with yourself if you didn't.

You couldn't take off your hat to the flag with half the sense of ownership if you didn't.

You couldn't cheer the marching line of troops with half the thrill if you didn't.

You couldn't watch the Jackies go by with half the pride if you didn't.

You couldn't glimpse a battleship off the coast with half the joy if you didn't.

You couldn't read the war news with half the eager faith if you didn't.

You couldn't be 100 per cent American if you didn't.

You know the Fourth Liberty Loan starts September 28th.

You know that buying a Liberty Bond isn't making a gift.

You know you are simply lending your money to your Government—to the best friend you and your mother and wife and sister and daughter have.

You know what securiy is back of your loan—security that means good interest and that your money will be paid back to you.

You know all of that—you know the business side as well as the patriotic side of it.

Then, buy your Liberty Bonds the very first day of the Loan. Don't wait. Do your thinking beforehand. You don't need to consider it; you don't have to be argued into it—you know you will buy Liberty Bonds.

Be one of the first to get the badge of honor—the Liberty Bond button.

Get yours on the first day—September 28th.

You know what an example that will set.
